

# The Digital Consulting System™

---

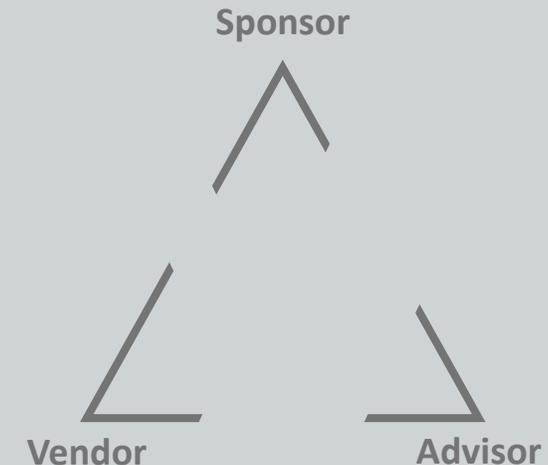

How Sponsors Access the Sponsor-Side Operating System™

# Why the DCS Exists

## Sponsors need a system — not more advisory hours

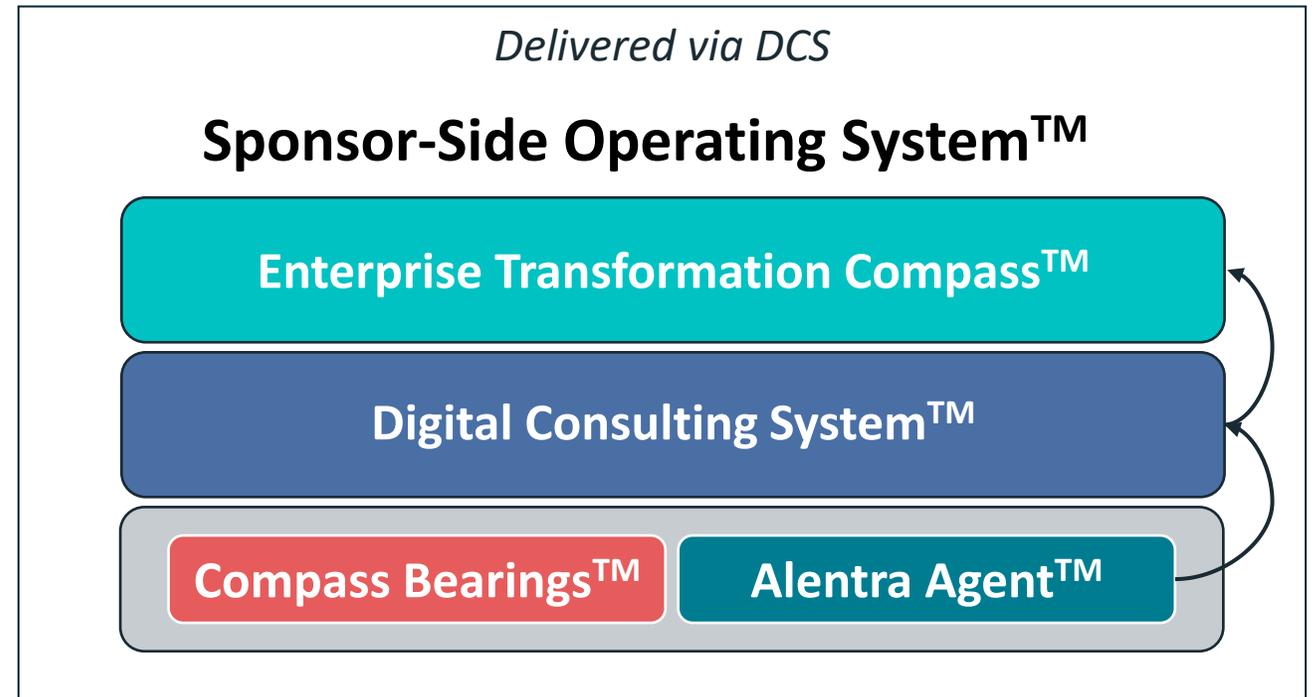

- Advisory is episodic
- Vendor-led delivery creates drift
- Sponsors lack a repeatable leadership model
- Decisions happen without evidence
- Capital and scope are exposed

# What the DCS Is

## A structured, fixed-fee way to lead transformation with the SSOS

- Access to the full SSOS
- Structured leadership workflows
- Sponsor-side governance
- Evidence-based decision support
- AI-enabled clarity

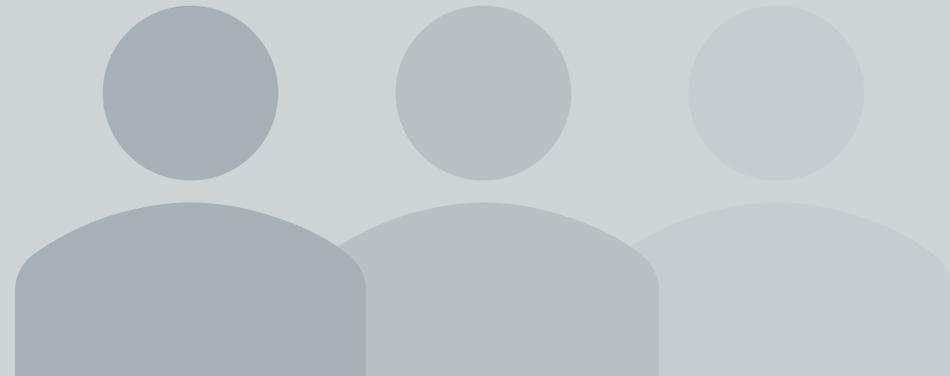

The SSOS delivered through the Digital Consulting System™

# What the DCS Is Not

---

**Not advisory. Not staff augmentation. Not vendor oversight.**

- Not dependent on individuals
- Not meeting-driven
- Not template-driven
- Not reactive
- Not vendor-aligned

# What Sponsors Get

---

**Everything needed to lead — without adding headcount**

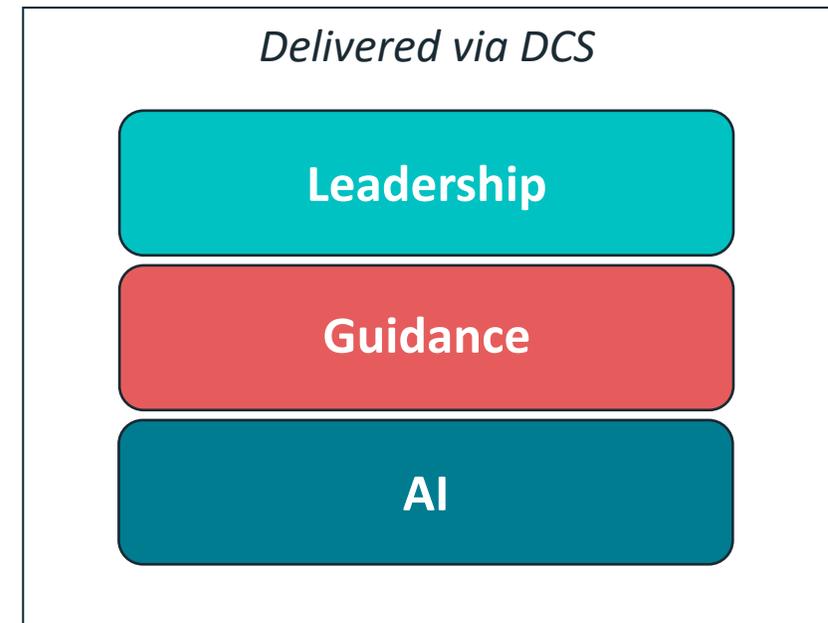

- Leadership timing
- Decision logic
- Governance architecture
- Readiness validation
- Capital protection
- Evidence-based clarity

# How the DCS Delivers the SSOS

## A unified experience across three systems

- **Compass™** for Leadership
- **Compass Bearings™** for guidance
- **Alentra Agent™** for AI-Enabled Delivery

# The DCS Experience

**Structured. Guided. Sponsor-safe.**

- Clear workflows
- Just-in-time guidance
- AI-supported progression
- Evidence-based checkpoints
- Sponsor-side governance

*Your ERP, CRM, & Analytics  
Flight Operations Console:  
Readiness, Decisions, and Evidence —  
All in One View*

# Fixed-Fee Clarity

---

**Predictable cost. Predictable outcomes.**

- No hourly billing
- No dependency on availability
- No scope creep
- No hidden effort
- No vendor-led pacing

# Sponsor Support During DCS Activation

---

## Light but essential live support

Included in every DCS engagement:

- Onboarding and orientation
- Q&A on Compass, Bearings, and deliverables
- Issue reporting and feedback
- Light check-ins
- Continuous refinement

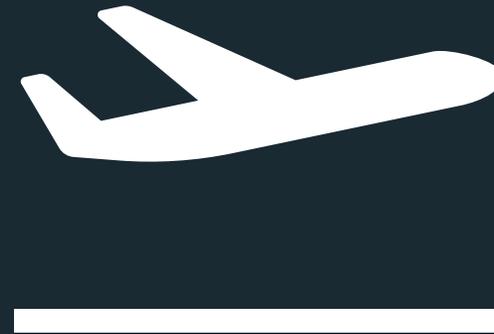

# Lead With a System — Not Intuition

---

Request an SSOS Walkthrough

- Understand the SSOS
- See how the DCS delivers it
- Explore the right model for your transformation
